June 2021

Dear Patient

There has been a lot in the national media recently about how GP practices are working, and we wanted to take the opportunity to share with you, what you can expect at the current time as one of our patients.

Firstly, we want to say thank you. Thank you for your support over the past year for working with us in such uncertain times. Like many, we had to change the way we work very quickly and that has only been possible because you – our patients – have adapted to these changes.

We'd like to reassure you that we are open and still want and need to know if you are unwell or worried about your health.

We are providing face-to-face appointments, as well as supporting people over the phone or online. Face-to-face appointments will be offered when they are medically needed, and can be with a range of health professionals currently working within the practice depending on the support you need. Using a mix of face-to-face and phone appointments allows us to keep the number of patients and staff on site to a minimum. This ensures we can all socially distance if you do need to come into the practice.

We are asking that if you need our help and support, you still call us first if you are able. We know that some people have struggled to get through to us on the phone or had a long wait and we thank you for your patience. Talking to you helps us understand what kind of support you need and how urgent it is, and means we can work out the best way for you to receive help.

We have seen an increase in calls since the start of the year and we are working to try to meet this demand and support all of our patients. In the last month we have had 10,254 calls. We know that some people have put off seeking medical support, including to protect the NHS, and we are committed to making sure all of our patients who need our help can receive it.

Whilst we recognise that not everyone **has** access to a computer, smartphone or tablet, we do want to make you aware of:

- The NHS app (is owned and run by the NHS, it is a simple and secure way to access a range of NHS services, including ordering prescriptions, validating your vaccines).
- Patient Access (GP online service where you can also order repeat prescriptions, cancel or view your upcoming appointment, and view part of your medical record).

If you do not have access to these, you can make your request for a repeat prescription in person into the box at the practice or speak to your local pharmacist, and together we will action this as soon as we are able.

You can also email your prescription request to esxccg.oldtownprescriptions@nhs.net for Old Town Surgery patients or esxccg.littlecommonprescriptions@nhs.net for Little Common Surgery patients.

As we all continue on the road out of lockdown restrictions, we can also update you on plans for services over the coming weeks:

- On our website - www.littlecommonsurgery.org.uk
- And also our Facebook page - <https://www.facebook.com/LCOTSurgery>

If you have a question about the Covid-19 vaccine, please visit the information on our website and www.sussexhealthandcare.uk/keepsussexsafe/sussex-covid-19-vaccination-programme/ if you are able in the first instance. These websites have answers to common questions and where you can get help in relation to specific queries.

We know that we don't always get things right the first time, but our team is working hard to be the best we can be. We welcome feedback from our patients so that we can share when things go well and learn when - and how - we can make things better. We welcome your suggestions which can be communicated via our email addresses; esxccg.littlecommonsurgery@nhs.net and esxccg.oldtownsurgery@nhs.net.

We do ask that as we are here for you, please continue to be respectful and kind to our teams both when you are speaking to them and with regards to personal comments online and on social media. We want to enable a culture of mutual respect and have a zero tolerance policy on verbal and physical abuse. No patient, carer, visitor, staff member or volunteer should ever be subjected to abusive or anti-social behaviour or language. Appropriate action will be taken if this does occur. We thank you for the respect and the care you show our team, we hope you experience the same in return.

Thank you for your support.

The Partners of Little Common Surgery and Old Town Surgery.
